## League InfoSight Highlight

### The Power of Integration: InfoSight360!

For years, InfoSight, CU PolicyPro, and RecoveryPro have stood as leaders in their respective categories, each known for their unique functionality and industry-leading content. We have listened closely to credit union feedback and realized that the future is about creating a more unified experience – one where the strengths of our products come together in a way that not only amplifies their individual features but also creates new possibilities.

As you may have heard, in 2025 we will be unveiling **InfoSight360**, a groundbreaking product combination that brings together the best elements of our three flagship products into one seamless solution. This all-new offering promises to redefine how you interact with our technology, bringing comprehensive compliance information, policies, and business continuity planning (BCP) resources together in one place.

#### InfoSight360 Key Features

While we can't give everything away just yet, here's a glimpse of what you can expect from InfoSight360:

- **Enhanced AI Search:** Whether asking specific questions or searching key words and phrases, the AI Search feature intelligently analyzes all available content to provide comprehensive answers.
- **Easy Access to Resources:** Our new landing page puts quick links to the most relevant and frequently used features right at your fingertips, making it easier than ever to access the tools and content you need with just a click.
- **My 360 View:** For users who prefer a more detailed and personalized experience, the *My 360 View* dashboard offers flexible

widgets and real-time data feeds, so you can design a workspace that highlights the content and features most important to you.

- **Content Update Notifications:** Stay informed on the latest developments that matter most to you through tailored notifications regarding changes to compliance content, model content, and the credit union's custom content.
- **State-Specific Content:** Research state-specific content and compare information across two different states to quickly access relevant data, identify key differences, and make informed decisions with minimal effort.

InfoSight360 goes beyond simply blending existing technologies – it creates a powerful foundation for further innovation and development.

As we approach the release date, we will be sharing more updates, sneak peeks, and behind-the-scenes looks at the product development.

Please reach out to [info@leagueinfosight.com](mailto:info@leagueinfosight.com) if you have any ideas or questions. We would love to hear from you!
